Haze Management

The school has put in place haze readiness measures so that we can respond promptly if air quality suddenly deteriorates sharply. These measures will be implemented once the PSI Index is beyond 100. Please go to <http://www.moe.gov.sg/haze> for more information on the actions to be taken in relation to the different PSI readings for the well-being and safety of our students.

Punctuality Matters

To ensure that we continue to maintain a positive school image and high discipline standards, we have informed students at the start of Term 2 on adjustments made to the late-coming policy. The revised policy accompanied with improvements to the descriptors of student conduct grade will be shared through the school website <http://www.greendale.moe.edu.sg> in due time.
